## **Pet Sitting & Dog Walking Services**

*We offer pet sitting and dog walking services to all types and sizes of dogs, as long as they are non-aggressive.*

### **Benefits of Using A Pet Sitter**

*While working in animal clinics I noticed that boarding is not the best choice for every pet. Some (not all) stop eating, become anxious, and whine, cry or bark all day. In a boarding facility they also become very nervous or over excited. They may get so anxious they get diarrhea and make themselves sick. Even though the staff at boarding facilities do everything they can to make our pets happy while away from home some pets still do not do well and our better off having a pet sitter and staying in their own familiar environment.*

*Regular exercise to provide good physical and mental health.*

*Running and playing can tire a dog so he is less likely to misbehave.*

*Daily mid-day visits for puppies helps maintain a consistent housebreaking schedule.*

*Geriatric and adult dogs need frequent potty breaks too!!*

*If you crate train your puppy it is important to get them out every 3-4 hours for proper training and socialization. Over crating and not enough exercise can result in a hyperactive and under socialized dog.*

*You get a helping hand when you have a busy schedule.*

*Daily mid-day visits help dogs with anxiety and separation anxiety.*

*Adequate exercise can improve a dog's behavior in the home.*

*Your pet remains in his/her own safe environment.*

*Your pet stays in their regular routine.*

*Your pet is not stressed out from being in a kennel with unfamiliar animals.*

*Your pet is not exposed to illness of other animals.*

*You can be away from home knowing that your pet and home are safe and secure.*

*You don't have to impose on a friend, neighbor or family member.*

*Your home is visited on a regular basis to deter crime.*

*Your pet will not be lonely or bored.*

*You will come home to a happy pet.*

*You don't have to drop off or pick up your pet. They will be waiting for you happily at home.*
